PROFILE

I am a skilled Full Stack Developer with experience as a Web Designer. In addition, my experience as a coding assistant instructor has equipped me with skills in simplifying complex ideas and breaking down problems. Currently, I specialize as a HubSpot CRM developer. Utilizing the soft skills developed during my past experiences. I continue to utilize my communication skills when working together with my peers. The combination of these traits makes me a strong candidate for a team that is looking for a developer with high potential.

SKILLS

Front-end Development: HubSpot CRM, JavaScript, Material-UI, React.js, Redux, TypeScript, Next.js 13.

Back-end Development: Express.js, Node.js, Passport.js, HubL.

Database Management: MongoDB.

Testing: Jest.

DevOps: Bash, GitHub, Selenium.

Other: Figma, WordPress.
